Dear

Your time is valuable so I'm not going to waste any of it with the history and background of my business. You can get all that from my website at **XXXXXX**. I am writing to tell you how we can benefit your business and why you should be using, and recommending, **XXXXXX** Inspection Services.

What do we offer you?

- A professional, customer focused Pest Inspection service that will add value to the services your business offers its clients.
- The peace of mind and reassurance your clients will enjoy that comes from using our rigorous Pest Inspection service. Dispelling any concerns they may have and helping them to commit to the property buying process.
- A trustworthy partner that has been working in the Pest Inspection business for more than a decade. Fully licensed, insured and proud of the fact that we have had no claims against our business, ever.

Here's just a few of the features we can offer your clients:

- Rapid report turnaround service. With our new reporting software we can issue reports immediately after the completion of the inspection. Your clients will receive all the information they need to make their decision without delay.
- Our reports are comprehensive, include pictures and are easy to understand. Plus, we're always happy to explain any aspect of a report to ensure that the client is fully satisfied with the service provided.
- Our inspections are beyond thorough. Our inspectors get into the places other inspection companies avoid. Plus, we're more than happy for your clients to accompany us during the inspection. They can watch us work with the latest high tech investigative tools, such as electronic sounding and moisture detection equipment, to ensure that they get all the facts they need to make a wise property buying decision.

Give us a call now, or drop us an email, to find out how we can both benefit from working together to make the property buying process that little bit easier.

Thank you for your attention and I look forward to hearing from you in the near future.

Regards

XXXXXXX
